

William (Bill) Shotyk
University of Alberta, Department of Renewable Resources

William Shotyk completed his B.Sc. (Agr.) at the University of Guelph (Soil Science and Chemistry) in 1981, and his Ph.D. at the University of Western Ontario (Geochemistry) in 1986. After postdoctoral research at the University of California, Riverside (1987) and at the University of Western Ontario (1988-1989), he joined the Geological Institute at the University of Berne, Switzerland, as Oberassistent. He completed his Habilitation (Geochemistry) at the University of Berne in 1995.

In October of 2000, Dr. Shotyk joined the University of Heidelberg as Professor, becoming Director of the Institute of Environmental Geochemistry. As of October 2011, he holds the position of Bock Chair in Agriculture and Environment at the University of Alberta, in the Department of Renewable Resources, Faculty of Agricultural, Life & Environmental Sciences. He is also a participant in the Land Reclamation International Graduate School (LRIGS) program sponsored by NSERC CREATE. He is the President of the Elmvale Foundation (www.elmvale.org), a federally registered charity for environmental education which he founded in 2007.
